

Water and Waste Department • Service des eaux et des déchets

January 9, 2015

To Residents/Businesses:

Notice of Upcoming Work in Your Neighbourhood

Starting on January 16th, the City will begin a six month land drainage sewer installation. These new sewers will help protect businesses and homes in the area from basement flooding and reduce the volume and frequency of combined sewer overflows into the Assiniboine River.

Construction area

The construction area includes:

- Jae Eadie Park - around the river outfall
- Parkside Drive – north leg
- Winston Drive – Parkside Drive to Portage Avenue

A map of the work site is shown on the reverse side of this notice.

Services during construction

- Your water and sewer service will not be interrupted.
- Your recycling and garbage collection service will not be affected.
- Your front private approach access will be maintained.

Parking and traffic during Construction

There may be some inconveniences caused by the construction work including:

- Parking restrictions
- Traffic restrictions for local access in the construction area

More Information

J-Con Civil Ltd. will be the contractor for this project. If you have any questions about this work, please contact Gord Steiss of Tetra Tech, our consultant on this project, by email at gord.steiss@tetrattech.com or by phone at 204-954-6800 during regular business hours. The after-hours number for project questions is 311.

To keep your children safe, please keep them away from the construction site at all times. We thank you in advance for your patience and understanding as we complete this necessary installation.

Planned Construction 2017/2018

Storm sewer
